

# NW03A1-ST.A

FLANGED MOUNTING 40x80

## TECHNICAL DATA

|                       |          |
|-----------------------|----------|
| Nominal flow          | 40L/min  |
| Max. working pressure | 250bar   |
| Setting pressure      | 350bar   |
| Pilot ratio           | 4.25:1   |
| Body Material         | Aluminum |

**Note:**

Pressure setting must be 30% higher than pressure induced by the load.

| Ports |        |
|-------|--------|
| C1/C2 | φ9     |
| V1/V2 | G 3/8" |
